

AK TUB & TILE CLEANER

Acidic Bathroom Cleaner

AK Tub and Tile Cleaner is a powerful acidic bathroom cleaner formulated to effectively remove soap scum, hard water stains, rust, and mineral deposits from various bathroom surfaces. Its non-abrasive formula ensures thorough cleaning without scratching or damaging surfaces, making it ideal for use on tubs, tiles, sinks, and fixtures. The cleaner's fresh herbal fragrance leaves bathrooms smelling clean and refreshed after each use. AK Tub and Tile Cleaner is suitable for both residential and commercial applications, providing a reliable solution for maintaining spotless and hygienic bathroom environments.

4 x 1 gal case

Directions For Use

Dilution:

Dilute at 1:18 parts cold water. Dispense AK Tub & Tile into a trigger spray or flip top bottle as needed. Apply use solution to a damp cloth or directly on surface to be cleaned. Point trigger sprayer at surface to be cleaned at least 6-8 inches away from surface. Allow product to dwell on the surface, then agitate with cloth or non-abrasive pad. Rinse off product with clean water directly with shower hose or with moistened cloth or sponge. Do not use on natural wood or marble. Certain surfaces may be unsuitable for commercial strength cleaners. Test in an inconspicuous spot prior to use. Always stand on a non-slip surface when in a shower or tub.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information.

Storage & Disposal

P411+235 - Store in cool dry place at room temperature away from direct sunlight.
P501 - Dispose of contents and container according to the local, city, state and federal regulations.
