

RELEASE XL

Liquid Alkaline Laundry Booster

Release XL is a high-performance liquid laundry break designed to optimize the washing process by effectively breaking down heavy soils and emulsifying grease and oils. Its powerful alkaline formula enhances detergent efficiency, ensuring a deep and thorough clean for even the toughest loads. Ideal for commercial and industrial laundry applications, Release XL works to loosen stubborn stains while preventing redeposition, delivering superior fabric care and cleanliness. Compatible with both standard and high-efficiency washing systems, it provides consistent results for a fresher, more professional clean.

Pack Sizes

1 gallon

5 Gallon Bucket

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.

Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration may vary depending on environmental conditions. Your sanitation specialist will accurately adjust the product concentration to suit your specific requirements.

For Use in Automated Dispensing Systems:

1. Sort laundry before washing.
2. Pre-soak or pre-spot laundry as required.
3. Add the appropriate amount of soiled linen to the laundry machine.
4. In the wash cycle, dispense this product together with AllKleen Liquid Laundry Detergent.
5. For bleaching, dispense the recommended AllKleen D-Stain.
6. In the final rinse cycle, as fabric softener dispense the recommended AllKleen Soft Balance XL.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information.

Storage & Disposal

P411+235 - Store in cool dry place at room temperature away from direct sunlight.
P501 - Dispose of contents and container according to the local, city, state and federal regulations.
