

SOFT BALANCE XL

Concentrated Fabric Softener

Experience the ultimate care for your laundry with our premium fabric softener. Designed to neutralize fabric alkalinity, it ensures a balanced pH for your garments, prolonging their life and maintaining softness wash after wash. This advanced formula minimizes buildup, leaving your fabrics feeling luxuriously smooth and fresh. Whether for delicate linens or everyday wear, our fabric softener delivers a gentle touch and long-lasting fragrance, enhancing the comfort and care of every load. Transform your laundry routine with the perfect blend of performance and softness.

5 Gallon Bucket

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.

Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration may vary depending on environmental conditions. Your sanitation specialist will accurately adjust the product concentration to suit your specific requirements.

For Use in Automated Dispensing Systems:

1. Sort laundry before washing.
2. Pre-soak or pre-spot laundry as required.
3. Add the appropriate amount of soiled linen to the laundry machine.
4. In the wash cycle, dispense the recommended AllKleen Liquid Laundry Detergent along with AllKleen Release XL or AllKleen Laundry Ultra.
5. For bleaching, dispense the recommended AllKleen D-Stain.
6. In the final rinse cycle, dispense this product for souring and softening.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information.

Storage & Disposal

P411+235 - Store in cool dry place at room temperature away from direct sunlight.
P501 - Dispose of contents and container according to the local, city, state and federal regulations.
